*"You can be assured that a **Concosts Quantity Surveyors Certificate for Payment** represents a thorough on site inspection and accurate review of the costs, by dedicated in house professionals with actual construction experience."*

I am a Canadian trained construction cost professional, with 40 years of practical experience in real estate development. In 1972, I was the first female to be accepted for membership with the Canadian Institute of Quantity Surveyors and, in 1978, I received my Diploma of Urban Land Economics from UBC. As Project Manager, I recently completed a \$50 million development at the Grand Okanagan Hotel. My past experience also includes managing my own bonded general construction company which built complex projects such as a hospital, recreational centre, UBC student residence, shopping centre, school and multi unit residences.
