

"Built on a foundation of integrity, reliability, and confidentiality, our construction cost professionals will promptly meet any challenge."

Our Professional Team "Working with you and meeting your needs"

Concosts has professional members of The Canadian Institute of Quantity Surveyors, The Quantity Surveyors Society of British Columbia, The American Association of Cost Engineers, The Real Estate Institute of BC, and Applied Science Technologists and Technicians of BC.

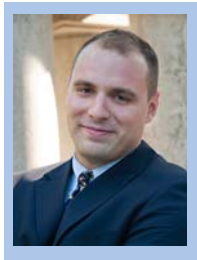

Lesley S. Wilson, ASCT, PQS, RI, MRICS
Professional Quantity Surveyor

Lesley is Principal of Concosts, and has been a Canadian trained Professional Quantity Surveyor since 1972. As well as providing cost consulting for developers, lenders and architects, Lesley has 42 years of continuous construction experience with a strong background in design co-ordination, project management. and her own bonded construction company. As Project Manager, she recently completed a \$50 million development at the Delta Grand Okanagan Resort and Conference Centre, which consists of a 71 unit, deluxe 5 story concrete building including a 4 story parkade in Kelowna BC.

Dmitri N. Gulak, ASCT, PQS, MRICS
Professional Quantity Surveyor

Dmitri is a Principal of Concosts, and has been a Canadian trained Professional Quantity Surveyor since 1972. Since 1975, he has provided professional development services for Concosts. Dmitri was responsible for setting up our original loan monitoring systems for lenders in 1981. He has been involved with over 54 developments valued at \$400 million construction costs with the majority built on a project management basis incorporating "fast track" principles. Concosts was most recently involved as the Project Manager for expansion of the Delta Grand Okanagan Resort & Conference Centre valued at \$12 million.

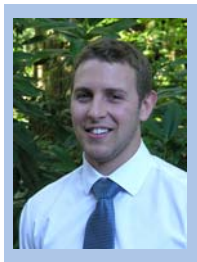

Matthew K. Weber, ASCT, PQS
Professional Quantity Surveyor

Matt graduated with Diplomas from BCIT in both Building Technology, specializing in building science, and Civil and Structural Engineering. At Concosts, Matt is the General Manager for Concost Consultants Inc., responsible for construction claim dispute reports, budget reviews, cost report preparation, progress draw claims, estimating and project administration. Matt is also a Project Manager for Concosts' associated company, Concost Management Inc.

Russell J. Grodzuik, ASCT
Quantity Surveyor, Estimator

Russell graduated with a Diploma in Civil and Structural Engineering from BCIT. Previously, he worked for 3 years as an Architectural Technologist providing design and planning services in Kelowna. Russell is responsible for providing loan monitoring, construction and development cost estimates and other QS services to our clients in the interior of BC as the Kelowna Office Manager. His previous experience as a consultant and a carpenter is an asset. Russell was also the Project Administrator for the expansion of the existing casino and parkade at the Delta Grand Okanagan Resort & Conference Centre.

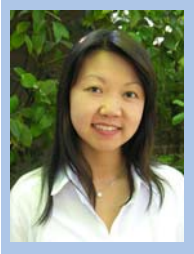

Sean J. Meldrum, Dipl. Tech
Quantity Surveyor

Sean graduated with a Diploma in Building Technology specializing in economics and will be graduating from the Bachelors of Technology in Construction Management at BCIT in summer 2011. Before joining Concosts at our Burnaby office, he worked 1 year as an Construction Administrator I.T. at a Vancouver mining engineering company which he performed material-take offs, reviewed purchase orders and assisted with the creation of an equipment database for estimating purposes.

Shauna H. Soon BA, Dipl.Tech
Quantity Surveyor

Shauna graduated with a Diploma in Architectural and Building Engineering Technology specializing in economics from BCIT in the summer of 2010, and started with Concostonce a month after graduation. She is responsible for providing loan monitoring, construction and development cost estimates, quantity takeoff estimates, as well as other quantity surveying services for our clients. She has an interest in estimating and is currently working towards achieving her Professional Quantity Surveyor (PQS) designation.

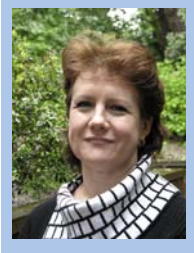

Brian C. Gulak, Dipl.Tech
Construction Manager

Brian has over 34 years of experience with all types of construction having worked as a carpenter, foreman and superintendent on residential and high rise projects. He also previously worked as a qualified Building Inspector for the Thompson Nicola Regional District for 6 years. As a long time resident of Kamloops, Brian brings constructive knowledge important for assisting Concostonce with loan monitoring and deficiency inspections on projects in the interior of British Columbia. Brian successfully achieved the Gold Seal Certified (GSC) designation in 2009 for his years of experience and training.

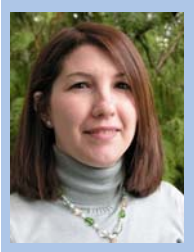

Mark B. Malinsky, B.Sc.Eng.
Professional Engineer

Mark has been a Canadian trained Professional Engineer since 1977. His experience includes 9 years in the field as a Project Engineer on civil works and 12 years as a Senior Municipal Engineer in Yukon. Mark has been a resident of Kelowna for 15 years and is involved with property management. He has extensive construction knowledge which is a valuable asset to Concostonce for assisting with loan monitoring inspections including cost report preparation and progress draw claims on all types of projects in the interior of BC.

Tatyana Pikulina, Dipl.Tech
Estimator

Tatyana graduated in 1994 with a diploma of Engineering Technology from Uzbekistan. Prior to joining Concostonce, Tatyana worked for 11 years as a project manager and designer. At Concostonce, Tatyana is responsible for quantity estimates specializing in steel and concrete construction and assists with budget reviews and claims. She is currently upgrading her Canadian qualifications at BCIT.

Gianna S. Ruscitti
Comptroller

Gianna has been with Concostonce for 10 years and her knowledge of financial management and public relations are important to us. As Comptroller, Gianna is responsible for internal management and assists our professional team when providing cost control management for it's clients. She brings enthusiasm and helpful skills to our professional team and her contribution is a valuable and beneficial asset to Concostonce.
